

5th International Integrated PV Workshop

Designing Innovative Integrated Applications

May 19-20, 2026

Online, free of charge

STEERING COMMITTEE

- Kaining Ding, FZ Jülich
- Akira Terakawa, Panasonic
- Bonna Newman, Lightyear
- Mathieu Despeisse, CSEM
- Ning Xu, LightMate
- Angele Reinders, TU Eindhoven
- Thomas Reindl, SERIS
- Alessandra Scognamiglio, ENEA

Program | Tuesday, 19th May, 2026

CET
Central
European
Time

CST
Beijing
Time

CET	CST	Topic	Speaker
Opening Session		(8:45h-8:50h)	
8:45	14:45	Kaining Ding-FZJ	Welcome
Session 1		Chairing by Kaining Ding	
8:50	14:50	Olindo Isabella-TU Delft	Plenary (8:50h-9:50h) PV everywhere - Towards invisible, intelligent, circular, and complementary applications Starting from the Edge-Finding Another PV Blue Ocean
9:35	15:35	Lyu Fang-IEA PVPS	
9:50	15:50	Break	
Session 2		Chairing by Kaining Ding	
10:10	16:10	Bin Luo-FZJ	PV product (10:10h-11:30h) Lightweight PV Modules for textile roof applications Dynamic Solar Glazing: Adjustable BIPV blind for High-Efficiency Solar Electricity and Low-Glare Daylighting TBD MagicSolar: Reinventing Solar Panels as Structural Architectural Materials
10:30	16:30	Dr. Cesar Dominguez-Universidad Politécnica de Madrid	
10:50	16:50	Yilin Zhao-Product and Solution	
11:10	17:10	Shengda Xu-MagicSolar	
11:30	17:30	Break	
Session 3		Chairing by Kaining Ding	
11:40	17:40	Jonathan Govaerts - imec	BIPV (11:40h-12:20h) Towards next-level BIPV: from PV technologies to integrated design and manufacturing Solar Architecture: From Kilowatts to Design Culture
12:00	18:00	Pierluigi Bonomo-SUPSI	

Program | Wednesday, 20th May, 2026

CET
Central
European
Time

CST
Beijing
Time

CET	CST	Topic	Speaker
Session 4		Chairing by Angele Reinders	
9:00	15:00	Wouter Eggink-the University of Twente	PV design (9h-10:20h) The future of product integrated photovoltaics; learning from historic precedents. Photovoltaic Art Souvenir Product Design Teaching Experiment, Department of Architecture, The University of Hong Kong Multifunctionality in Practice: Competing and Complementary Considerations in Integrated PV Heliotex: Rethinking Integration Through Textiles
9:20	15:20	NN-the University of Hong Kong	
9:40	15:40	Alex Nathanson-RPI / NYU	
10:00	16:00	Pauline van Dongen-The Solar Biennale	
10:20	16:20	Break	
Session 5		Chairing by Selcuk Yerci	
10:30	16:30	Sascha Krause-Tünker-Next2sun	AgriPV& FloatingPV (10:30h-11:50h) Vertical agrivoltaics in Germany Latest trends in AgriPV Integrating plant field phenotyping in AgriPhotoVoltaics Recent advances in FPV market, sustainability and performance
10:50	16:50	Ronald Knoche-RemTec	
11:10	17:10	Onno Muller-FZJ	
11:30	17:30	Nathan Abel Roosloot-IFE	
Ending Session		(11:50h-12:00h)	
11:50	17:50	Kaining Ding-FZJ	Conclusion and see you next year!
